

## purple mash

Purple Mash brings you a mash-up of creative tools and curriculum focused applications to support and inspire children throughout the curriculum.

This exciting suite includes 2Simple's creative Online Tools alongside a whole host of new inspiring APptivities and a number of classic 2Simple programs online too.

**What's in our free range Mash?** ( open to everyone via [www.purplemash.com](http://www.purplemash.com))

### 2Publish Projects

An assortment of new screens to scaffold and stimulate writing with the use of word banks, images and personally edited photos.

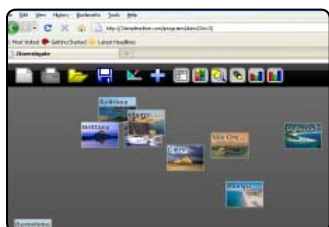

### 2Paint and Make

A selection of contextual drawing templates. Perhaps ask children to draw what the Gruffalo had for lunch on the empty plate, or to show what they think would be inside the Three Bear's house.

### 2Display

Swiftly create your own display labels using a variety of layouts, shapes and boxes.

### 2Investigate Online Databases

Analyse curriculum-focused databases, generating graphs and charts to display your findings. (See gourmet mash for full collaborative functionality)

*And coming soon to your free range Mash...*

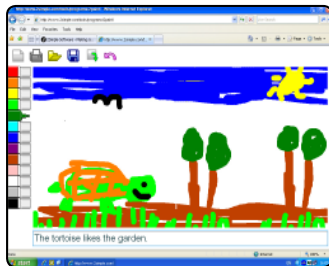

*Video mixing • Online Presentation tool*

*Photo Editing ...and so much more!*

## What's in our Gourmet Mash? ( accessible to all schools with an annual licence)

By purchasing an annual licence, schools can enjoy anytime anywhere access to all of the above as well as the following (including enhanced features such as online saving, collaboration and customisable templates):

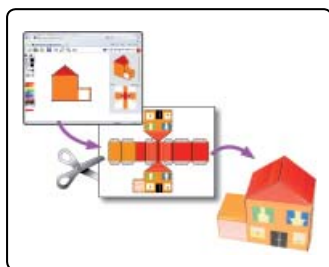

### 2Paint

A classic painting program using 2Simple painting tools.

### 2Publish

Mix pictures and words to make meaningful publications such as simple books, greeting cards and more.

### 2Design & Make

Design and create your own model cars, buses, trucks, trains, houses, 3D shapes and much more. Print out nets, then cut and stick your masterpieces together.

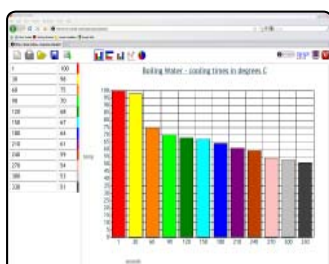

### 2Publish Extra

Further flexible publishing templates, such as menus, character profiles, newspapers and name cards. Access clip art and use rich text formatting.

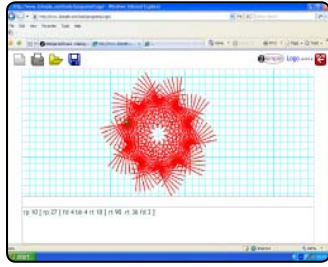

### 2Go

Give simple instructions and learn directions as you guide your character around a scene. This also acts as a simple introduction to Logo.

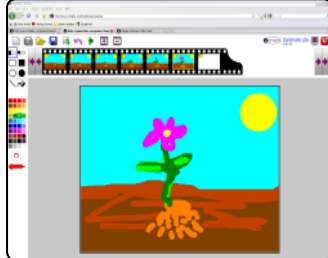

### 2Graph

Create a colourful range of block charts, Pi charts and line graphs.

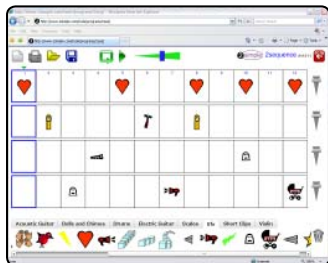

### 2Logo

Taking instructions to a new level. Use computer language to create patterns and shapes.

### 2Animate Lite

By creating simple drawn animations, children can express their understanding of sequences and processes.

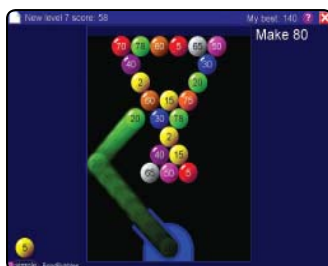

### 2Sequence

Drag and drop different instrument sounds and effects into the grid to explore harmony and to craft your own musical soundscapes.

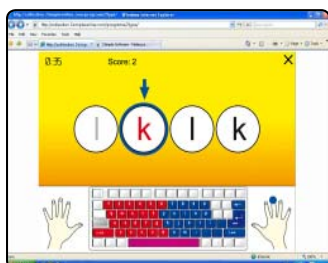

### 2Investigate Online

2Investigate demystifies data handling. With this online version, your class can collaborate with children anywhere to build a database. Analyse existing databases or develop your own.

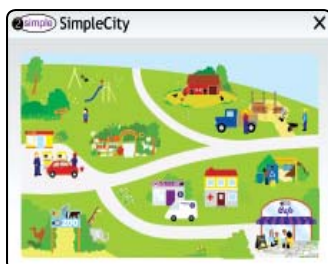

### Maths Games

Fast-paced arcade style games to make learning Key Stage 2 mathematical concepts fun and meaningful.

### 2Type

A suite of engaging typing programs, designed to familiarise children with the keyboard. Children are also encouraged to increase their typing speed and accuracy.

### Simple City

A virtual online city just waiting to be explored, with ten exciting locations, such as: the Garden Centre, the Vets and Cafe. Designed to encourage meaningful role-play and encourage language development in FS and Key Stage 1.

## Licence Prices:

1 year: £500 • 2 years: £900 (save £100) • 3 years: £1,250 (save £250)

## So how do we access Purple Mash?

This exciting mash-up of tools, APptivities and games are hosted completely online and web browser driven. Simply visit [www.purplemash.com](http://www.purplemash.com) and enter your username and password or click on the link within your Learning Platform. We are working with many Learning Platform providers to have full integration with Purple Mash. Alternatively, schools can use our Local Administrative Simple Sign-On system (2Lasso). This means that every school can have access to purple Mash!

Purple Mash can be accessed on any computer at any time on any operating system that supports Flash 10\*. The online nature of these tools also means that they can be constantly enhanced and developed. Always keep an eye out for new and innovative tools and templates.

## So what about saving work?

Each subscriber has their own personal online area for them to access and save their work. Children can retrieve their work by simply clicking on a thumbnail image. The files produced by these tools can be saved locally to your computer or to our online space.

## Begin your Purple Mash experience now:

Teachers and children can enjoy all of the free range mash by simply visiting [www.purplemash.com](http://www.purplemash.com) without needing to login.

If you would also like your school to try out the full Purple Mash experience on a free 30 day trial or would like to order your licence, simply contact 2Simple on 020 8203 1781 or email your school details to [info@2simple.com](mailto:info@2simple.com)

We will need just a few details from you including the Learning Platform you use (if any) and school DCSF number to get you set up.
